

## ADVANTAGES

5-35 °C

### ► Temperature of your choice

Set your desired temperature to 5-35 °C.

### ► Silent operation

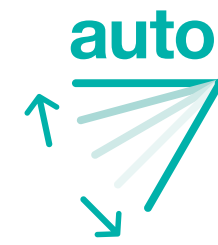

The construction of the appliance allows silent operation.

ECO

### ► ECO function

ECO function automatically maintains 22 °C.

### ► Auto Swing

Left and right auto swing.

### ► Touch control

Easy touch control operation.

### ► Tip over protection

Automatic shutdown when tip over.

### ► Timer

Time delay of operation.

### ► Overheat protection

The heater is equipped with a built-in overheat protection device that protects the electronic parts against damage as a consequence of excess heat.

LED display allows easy and clear-cut operation of the heater.

Remote control allows remote operation of the heater.

## CERAMIC HEATERS AND OIL RADIATORS

SUPER QUALITY

Simple operation

SUPER ADVANTAGE

Wifi operation

SUPER FEATURE

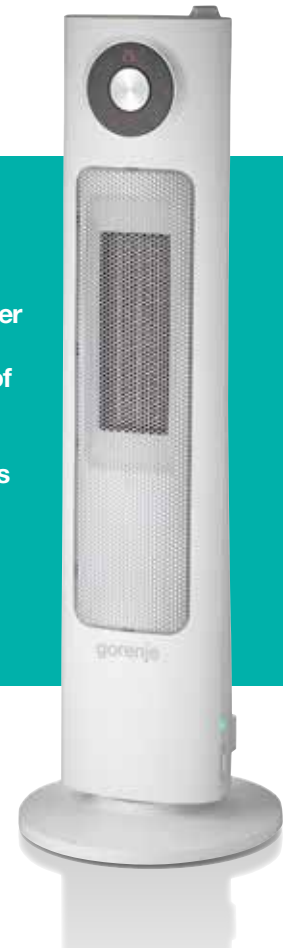

Time delay

# CERAMIC HEATERS

Ceramic heaters are among the most efficient heaters on the market. The heating element is made of a semi-conducting material and ensures safe, efficient and quick heating of premises. The dust filter cleans the air when it enters the appliance, contributing to a cleaner atmosphere and higher quality of living. Thanks to its modern design and just the right size, you can place it anywhere and enhance the appearance of your home or business premises. The use is completely safe, as the heater turns off in case it tips over due to the safety cut-off switch. Its operation is simple either with a remote control or the electronic control unit, and the settings are visible on the easy-to-read LCD display.

## SPACE HEATER 2in1 HH 2000 L:

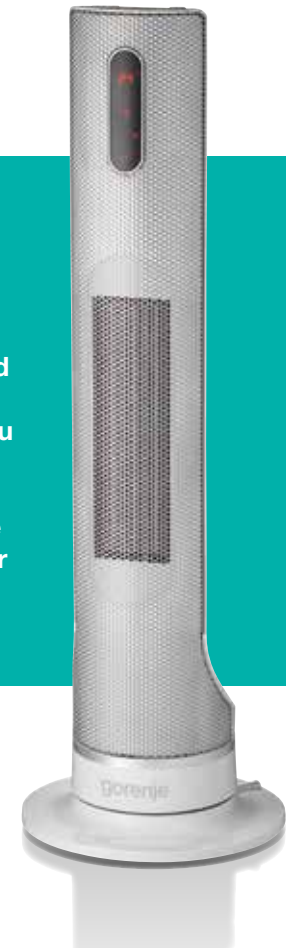

- Air humidifier with 1,6 l tank
- AutoSwing – automatic rotation
- Heating power: 1200/2000 W
- LED display
- ECO function
- Tip over protection
- Timer

Dust filter

## SPACE HEATER Wifi HW 2500 L

- Wi-Fi
- Silent operation
- AutoSwing – automatic rotation
- Heating power: 1700/2500 W
- LED display
- ECO function
- Tip over protection
- Timer

Dust filter

## HUMIDIFIER

In addition to heating, the heater also enables air humidification to further improve the quality of living. With automatic rotation it evenly heats the premises and its silent operation ensures perfect comfort.

## Wi-Fi OPERATION

The heater can be connected to the home Wi-Fi network and easily operated through the LianHeater application that you install on your smart device. This way you can monitor and change the settings also while you are at work, on the road or on vacation.

## SPACE HEATER Fire HF 2000 L

- Fire imitation
- Auto Swing
- Heating power: 2000 W
- LED display
- ECO Function
- Tip over protection
- Timer

## FIRE IMITATION

A warm feeling of comfort and design.

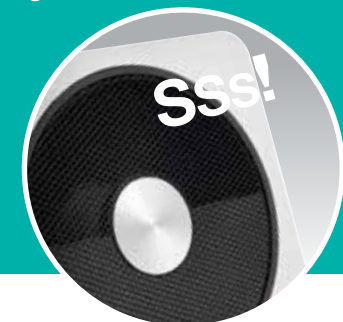

## SPACE HEATER Woofer HE 2500 L

- Super silent
- Heating power: 2500 W
- LED display
- ECO Function
- Tip over protection
- Timer

## SUPER SILENT

Silent operation at all power stages.

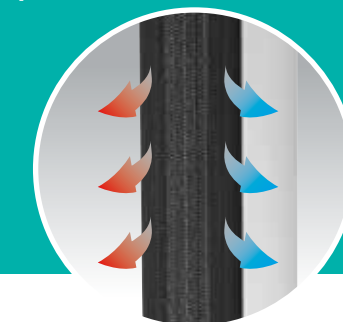

## SPACE HEATER Tower HC 2200 EM

- Heating or ventilation
- Auto Swing
- Heating power: 2200 W
- LED display
- Tip over protection
- Timer

## HEATING OR VENTILATION

Heating or ventilation operation.

# OIL RADIATORS

Oil radiators are an excellent choice for additional heating of various types of premises. As they are on wheels, you can effortlessly move them from one room to another, no lifting required. Oil radiators operate by heating the oil in the appliance. A great advantage is its excellent

heat accumulation capacity, so this manner of heating is outstandingly efficient. Its simple regulation allows you to set the desired temperature easily. To ensure safety, the heaters are protected from overheating by means of automatic cutoff, which also activates if the radiator tips over.

## SPACE HEATER Slim OR 2000 MM

- 3 heating levels
- Built-in thermal cut-off
- Heating power: 2000 W
- Number of ribs: 9

Due to its elegant design and size, the oil radiator can be placed in any room. It can be simply operated by using a rotating knob to set the desired power of operation. Automatic cut-off ensures complete safety.

## SPACE HEATER Premium OR 2300 PEM

- LED display
- Remote control
- 3 modes of operation: quick heating, ECO function, freeze protection mode
- 24-hour time delay feature
- Heating power: 2300 W
- Number of ribs: 11

This modern oil radiator is simple to use with a remote control and an easy-to-read LED display. It completely adapts to your needs as it enables quick heating of air, frost protection and safe operation to save energy.

## SPACE HEATER Venti OR 2500 MFM

- Radiator with fan heater
- Heating power: 2500 W
- 3 program settings
- ECO function
- Tip over protection
- Timer
- Number of ribs: 9

## OIL RADIATOR + FAN HEATER

500 W heater and fan for instant heating.

## SPACE HEATER Ribsy OR 2300 SRM

- 3 program settings + ECO function
- Heating power: 2300 W
- Touch control
- LED display
- Tip over protection
- Timer
- Number of ribs: 10

## LED DISPLAY

Easy operation overview.
